Our Second Transnational Meeting took place on the 4th of November 2021 in Vienna, Austria. The meeting began with the welcoming from VAEV and IFJ thanking all the project partners for the work carried out and shared through Google Drive. Media Creativa began by thanking all the members for their work on the challenges and proceeded to present the feedback developed after reviewing them.

Next, DEPAN, as the organisation responsible for the task of preparing the

methodology

and tools for beta-testing, explained how this part of the testing will be carried out. Each country will contact, at least, 5 experts and 5 young people (between 15 and 29

years

old) for the beta testing of the NNC experience. After finishing with the BETA

presentation, VAEV continued with the training pills. The training pills are a practical

and

immediately applicable tool with the aim of providing participants with the NNC
